

Serious power. True dependability.

WHAT MAKES QSL9 SPECIAL?

Get serious power on your side. Our proven, highly dependable genset means uninterruptible power suitable for all applications. These gensets are powered by the proven electronic QSL9 series engines and rugged Stamford alternators, with new microprocessor-based controllers. Check out why it's the right choice.

All the advantages

SUPERIOR PERFORMANCE

The QSL9's higher ambient capability meets all leading standards, including EMI/EMC and ISO8528.

SOUND ATTENUATED

Best-in-class build quality, carefully sound attenuated for quiet operation.

RELIABLE POWER

A highly reliable genset for uninterruptible power from a durable engine with an optimum power-to-weight ratio, all designed, developed, and manufactured by Cummins.

EASE OF OPERATION

Built in auto mains failure functionality & integrated fuel tank for uninterrupted operations.

AESTHETICS

Specially designed boltless enclosures withstanding all-weather conditions.

ENHANCED SAFETY

Enhanced safety features with UL94 fire retardant foam, with new power cable layout, integrated CT's, and superior power cable & harness specification for safe operations.

ADAPTABLE POWER WHEREVER YOU NEED IT

Industrial | Construction* | Agriculture and farming | Hotels | Healthcare and hospitals | Residential and light commercial | Public infrastructure
